

One Platform to Simplify School Security

Today, many schools are investing in modern security technology to create safer learning environments. Verkada is a fully integrated hardware and software solution that combines intelligent devices with an easy-to-use platform, making it simple to protect staff and students at scale.

Protect your campus perimeter

Speed up response

Improve reliability and minimize costs

Key benefits

Lockdown doors in seconds

Lockdown doors from a panic button, web browser or mobile app while still allowing first responders access.

Monitor from anywhere

Find, save, and share footage on-the-go. Plus, share live camera feeds with local authorities in seconds.

Detect vaping and bullying

Leverage sensor technology to detect smoking, vaping, and elevated noise levels in bathrooms and locker rooms.

Prevent unauthorized visitors

Conduct security screens with cloud-based visitor management that integrates with cameras and access control.

Proactively deter threats

Set proactive alerts for Motion, Vehicles, or People of Interest to be notified of intruders or suspicious after-hours activity.

Secure facilities with ease

Set door schedules around school hours and provision staff with role-based access to privileged areas.

Customer stories

Newtown Public School District

Newtown Public School District

"It's incredible that our team now has this powerful resource to see, share and respond to events in real-time."

Mark Pompano,
Director of Security

Chartwell School

"The sensors were up for three days before I received my first text alert. When vape smoke is detected we have immediate video context into the situation."

John Langrill,
Director of Information Technology and Campus Management

Andrew Independent School District

"In an emergency scenario, we can lockdown the campus directly from the mobile app to secure the entire campus in seconds."

Dennis Haynie,
Executive Director of Technology
